Date : Aug. 14, 2006  
Appl. No. : 09/541,722  
Patent No : 6,857,121  
Inventor : Wadt  
Issued : Feb. 15, 2005  
For : RESPONSIVE SYSTEM FOR DIGITAL SIGNAL PROCESSING AND METHOD FOR  
OPERATION OF A RESPONSIVE SYSTEM

Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent under the provisions of Rule 1.322.

Respecting the alleged error(s) regarding Item (30), after further inspection of the application, via applicant's phone call – which alerted me to the fact that the PTO did charge and receive the \$100.00 fee necessary for the certificate of correction to be processed – although the cover letter of the Request for Certificate of Correction did not acknowledge or mention payment of the \$100.00 fee, nor an account deposit number, but did acknowledge providing the \$130.00 fee for payment of the petition – which was granted; hence, since the payment was received, the denial letter is withdrawn, and the certificate has been sent to issue. Therefore, being the fault of the USPTO, correction(s) is/are in order here under United States Codes (U.S.C.) 254 or 255 and the Code of Federal Regulation (C.F.R.) 1.322 or 1.323).

*Note: This is a general hint, which may decrease the processing time of your request. If you obtain data that clearly shows the attorney/applicant is not in error, simply include proving/supporting documentation and associated post card receipts, along with your certificate of correction or reconsideration via postal mail, not by fax. If you do not have supporting documentation that clearly shows the attorney/applicant is not in error and verifies that the PTO is in error regarding the matter in your request- then, the appropriate fee of \$100.00 with your "Certificate of Correction" or "Reconsideration Certificate of Correction" - will be necessary. Without supporting documentation, depending upon the matter in your request, it is possible - that in addition, a petition with its appropriate fee of \$130.00 may be necessary, or the request may be denied. Please be advised that – "identification of the exact point of error by reference to column and line number of the printed patent" provides clarity for processing a request. Please see the MPEP for further instruction and understanding.*
